

The car may be in the garage for now, but...

I'm still here to serve you!

While we're all trying to figure out our "new normal" amid the current COVID-19 crisis, be assured that I'm still here for you. Our cars may be in the garage, but you can always reach me by email, phone and text for all of your home warranty needs or questions. I'm also available via video conferencing if you prefer!

I look forward to reconnecting with you in person once we all resume normal business. In the meantime, stay healthy!

Contact me if you need anything!
