

**COVID-19**

**POLICIES**

**SOLD IN A SNAP WILL REMAIN OPEN WITH THE FOLLOWING POLICY CHANGES:**

- The home needs to be ready exactly as it should be photographed (make sure to provide our pre-shoot checklist to the sellers!). Our photographers will touch **nothing** - including blinds and light switches. This not only protects our staff, but it also protects the homeowners from our staff.
- No one is allowed in the home with the photographer. Homeowners or realtors must wait outside so we can be safely distanced.
- If there are animals at the property they should be outside with the owners, kenneled, in the garage or taken on a walk.
- Please reschedule if your homeowners have been feeling unwell or have been exposed to COVID-19. We can schedule for 14 days after everyone in the home is well.
- Likewise, if you are unwell, we will ask that you do not accompany the photographer to the session.
- If our photographers arrive at the shoot and there are sick people, they are to leave and the shoot will be rescheduled with the office at our multi-trip rate.

This is an ever-evolving situation and we will continue to provide updates as they are necessary. We wish you all good health and success!

**-Danielle and the Sold in a Snap Team**
